Certified Inpatient Coder

About Us

We are a boutique coding and auditing firm specializing in healthcare revenue cycle optimization. Our team of expert coders delivers high-quality services to healthcare providers across the country. As we continue to expand our client base, we're seeking experienced Certified Inpatient Coders to join our growing team.

Role Overview

As a Certified Inpatient Coder, you'll provide accurate and compliant medical coding services for our hospital and inpatient facility clients. You'll apply your expertise to ensure proper code assignment while maintaining productivity standards and exceptional quality metrics.

Key Responsibilities

- Review and analyze clinical documentation to determine appropriate ICD-10-CM and ICD-10-PCS codes
- Assign accurate MS-DRG and APR-DRG classifications
- Identify and clarify documentation gaps through appropriate physician queries
- Maintain coding compliance with regulatory requirements and coding guidelines
- Meet productivity and quality standards
- Stay current with coding updates, guidelines, and industry best practices
- Participate in regular quality reviews and educational sessions
- Communicate effectively with our team regarding project status and any challenges

Qualifications

- Current certification as a CCS, CPC, or equivalent inpatient coding credential
- Minimum of 3 years of experience in inpatient coding
- Strong knowledge of ICD-10-CM, ICD-10-PCS, MS-DRG systems, and coding guidelines
- Experience with various electronic health record (EHR) systems
- Familiarity with encoder software and coding references
- Excellent attention to detail and analytical skills
- Strong time management abilities with proven capacity to meet deadlines
- Reliable internet connection and appropriate home office setup

Preferred Qualifications

- Experience in multiple specialties or service lines
- Background in coding auditing or education
- Additional certifications (CDIP, CCDS, etc.)
- Experience working remotely

Compensation & Benefits

- Competitive compensation based on experience and credentials
- Flexible work arrangements
- Access to continuing education resources
- Opportunity to grow with our expanding company

This position is ideal for experienced coders seeking flexibility and the opportunity to work with a respected and expanding firm in the healthcare revenue cycle management space.

If you pride yourself on coding accuracy and want to be part of a quality-focused team, we encourage you to apply.
